## LETTER TO THE COMMISSIONER OF PATENTS AND TRADEMARKS

TO THE COMMISSIONER OF PATENTS AND TRADEMARKS, SIR:

During a routine status inquiry made to determine the status of this application, applicants were told on June 2, 1998 by the PTO Applications Division that a Notice to File Missing Parts was mailed on December 10, 1997. Applicant never received this Notice and requested that a copy be sent via facsimile. The copy was never received.

On June 5, 1998, a follow-up inquiry was made to the Applications Division to determine the status of the Notice to File Missing Parts and applicants were told that the file was returned to the team and that the Notice was never mailed.

In view of the uncertainty as to the status of this application, applicants are filing herewith (1) an Amendment and Petition to Correct Inventorship, and (2) a Declaration signed by the inventors. In addition, applicants conditionally request a three month extension of time to respond to the Notice to File Missing Parts and authorize any charges which may be required for such extension to our Deposit Account No. 19-1345 (if, in fact, such notice was mailed on December 10, 1997).

Respectfully submitted
